

## Dixcart Receives Mondaq Article Awards

This year we are also partnering with Mondaq who share our content across a large range of professional media platforms.

28th September 2021

Since Dixcart has partnered with Mondaq at the start of 2021, we have received three significant Mondaq Awards:

- Most Popular Article in Switzerland (March 2021): [‘Why is Switzerland a Favoured Location for a Family Office?’](#)
- Most popular Article in Malta (June 2021): [‘Malta Funds – What are the Benefits?’](#)

These awards are given to articles which receive the highest readership figures, per month, for a particular jurisdiction.

Mondaq receives content from a huge range of firms, so these awards are a big achievement!

Dixcart News features a selection of topical articles each month. Our professional advisers create current and relevant content, which is shared with other intermediaries, as well as high-net-worth clients and their families.

This year we are also partnering with Mondaq who share our content across a large range of professional media platforms.
