

Dixcart Management (IOM) Ltd

An Introduction

Corporate Advisors • Private Wealth

With over 30 years' experience, Dixcart Isle of Man offers wealthy families and intermediaries an expert partner for the structuring of wealth and offshore vehicles. From the incorporation and administration of companies to the formation of trusts and foundations, our Isle of Man office can add an offshore toolkit to your planning capabilities.

Why the Isle of Man?

The Isle of Man is rated Aa3 stable and is an independent Crown Dependency. Among other things, Manx registered companies benefit from the business-friendly Government and locally set tax regime.

In addition to offering efficiency for the management of wealth, the Island also provides a great deal of privacy to clients seeking to establish themselves on the island, whilst still meeting global compliance standards; earning it a place on the OECD whitelist, which means that it is not considered a tax haven.

Headline rates of taxation include:

- 0% Corporate Tax
- 0% Capital Gains Tax
- 0% Inheritance Tax
- 0% Withholding Tax on Dividends

Isle of Man companies are also able to register for VAT, and businesses in the Isle of Man fall under the UK's VAT regime.

Over decades, the island has established itself as an international financial centre of excellence, meaning that we have access to both superb infrastructure and world-class qualified professionals.

What to do next...

If you haven't already done so, we would recommend taking tax advice from a qualified and licensed advisor; this may be your accountant, legal or financial adviser. If you do not currently have a relationship with such an adviser, not to worry, we have regular dealings with professionals from around the world and will be able to point you in the right direction.

Once you have taken the appropriate advice and ascertained that you would like to proceed with your chosen service, there will be a few things that we'll need.

In order to complete our due diligence, and to onboard you as quickly and conveniently as possible, we'll need documentation such as:

- **Proof of identity**
- **Proof of address**
- **Source of wealth/funds**
- **Purpose/objective of vehicle**

We may request further information during your application process. Please note, early provision of such documentation will expedite your application process.
